

# WAAM

All natural liming source. Plant based micro-nutrients. Recycled Soil Amendment. WAAM!

100% derived from plant-based ash, WAAM will provide your soils with all natural soil amendment. WAAM will raise pH of acidic soils and provide available potassium.

WAAM can be used in many applications, including home gardens, plant beds, pastures and hay fields, and golf courses.

## GENERAL USES:

**INGROUND**

**FARMS**

*Ask us for recommended applications rates based upon your soil samples and production goals!*
